Edie became a Christian at the age of 10 and by the age of 12, knew that she wanted to serve the Lord in a Christian vocation. She graduated from New Brunswick Bible Institute and Toccoa Falls College. She worked from 1973-1991 with Child Evangelism Fellowship in ME, CT and GA. From 1992-2007, she worked as Associate Director of Bible Visuals International (BVI) writing illustrated Bible lessons, songs and stories that are simple enough to be used by the most inexperienced teacher and understood in the most primitive cultures. In the spring of 2007, she joined ABWE and will be continuing to develop children's resources for worldwide distribution. These resources are available on the internet for access by anyone who needs them through a ministry called: PROPEL (Producing teaching Resources available On-line for People to Evangelize and Lead into service).
