We are in the ministry to help those who struggle with relational and/or sexual brokenness. We have learned a tremendous amount about addiction and how to treat it according to God's inerrant, true, living Word. We have improved the effectiveness of how we treat sexual addiction and caused the lives of hundreds of families to change their own personal relationship with their creator and ultimately their interpersonal relationships. We have three purposes. Our first purpose is to offer hope for the captive. We provide 6 highly effective, biblical based discipleship programs to meet individual needs. These are: Freedom Fighter Program, Freedom Fighter Follow-on Program, Taking Back Ground Program, Taking Back Ground Follow-on Program, Wives Issues Program, and Create In Me a Pure Heart Women's Program. Our second purpose is to be a Christian preservative in our culture. Our third purpose is to support your local church. We provide support to the local pastors and families dealing with these difficult issues in their families and church communities. We speak in local churches to share information about this ministry and to speak directly to the issues of these struggles.
